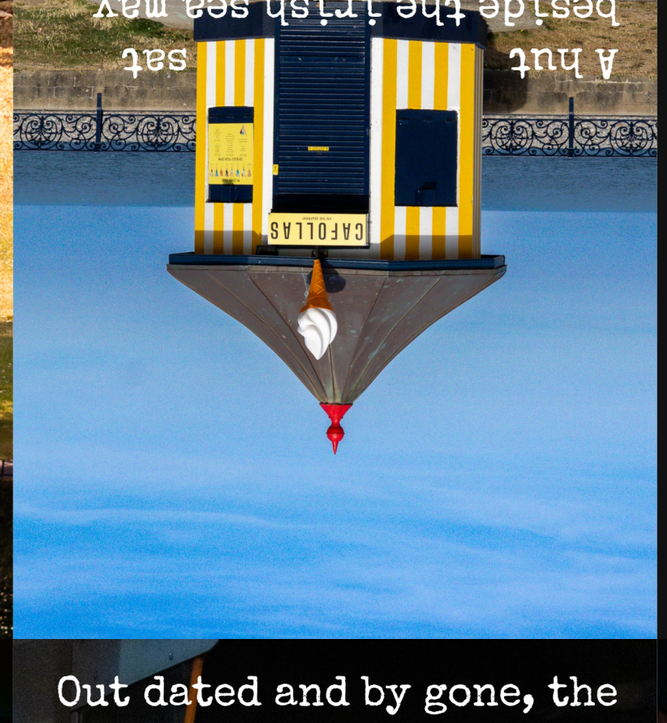
Artistically Im speaking

from an artists view

@skinsellaart



A hut sat
beside the irish sea may
may seem ordinary
to others they wouldnt
know i taught someone
how to print that

A young man sat in a field
what could he be
contemplating?
is it artistic?
could he just
be enjoying
a sunny day
out in the
sunshine?

skinsellaart

a late summer evening

a long walk home evening

talks and catching up

half hazardly spewing

skinsellaart

their guinness and guts

over the best and worst

do they care for art?

or are they art

Out dated and by gone, the
youth dont know a phone
box,
they
dont
get
what
'eircom
was.
A guess
would
plant
them
to believe its rain
shelter, apocalyptic...

an evening of friends,
guinness and uno, were
secrets spilled? pints? a
deck of cards?

a gate to freedom
an opening to peace
summers days have come
and gone
