I've seen things you
~~little people~~ wouldn't believe.
I watched C-beams glitter
in the dark near the Tannhäuser Gate.
The thing about a shark,
it's got lifeless eyes, black eyes,
like a doll's eyes.

Attack ships on fire
off the shoulder of Orion
bright as magnesium.

When it comes at you
it doesn't seem
to be livin'
...well.
i am jack's
complete lack of
surprise.

All those moments
will be
lost in time,
until he bites you,
like tears in rain.
and those black
eyes roll over white.
Time to die.

living is an
endless act of becoming.
